## GET THE LOOK

### *Skin*

Begin by moisturizing your face with a moisturizer such as Embryolisse Lait Crème Concentre. For dry skin, try adding a few drops of Argan oil into the moisturizer. For oily skin use a mattifying primer such as Kryolan Perfect Matte Primer. Also try Smashbox's Iconic Photo Finish Primer for normal to dry skin.

### *Eyes*

Begin by applying MAC Prolongwear Paint Pot in Perky to the eyelids and add MAC Arena on top. Using a blending brush, add a variety of light brown shadows into the crease of the eye. We added MAC Shroom onto the brow bone. Be sure to blend your shadow so no lines can be seen. Apply a gel liner of your choice. Try using MAC 263 angled brush to get a nice clean line. Curl lashes and then apply false lashes and mascara.

### *Concealer & Foundation*

To make the eyes pop in this natural look, apply concealer to blemishes and dark circles. Next, try using Real Techniques Stippling Brush to apply foundation of your choice. Use a damp beauty blender to blend foundation and achieve an airbrushed look.

### *Brows*

Run a spooly comb through your brows. Next, use an angled brush to fill in brows with a brow powder and comb through brows again with a spooly to help blend in the powder.

### *Cheeks*

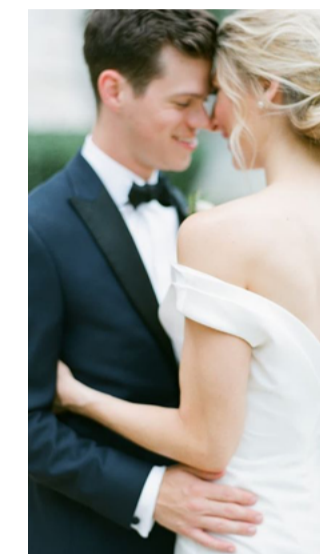

Apply a pale pink blush to the apples of your cheeks. Next, add bronzer to the areas of the face where light naturally hits such as the top of your cheeks, jawline, and forehead. Be sure to use a light hand when applying bronzer as a little can go a long way.

### *Lips*

Start with a lip primer to assure lipstick will stay all day. To get this bold lip, we used Urban Decay 24/7 lipliner in Turn On and MAC Plumful lipstick.

### *Finishing Touch*

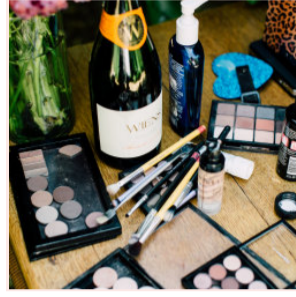

Apply a translucent setting powder such as Purely Cosmetics Diamond Diamond Perfect Finish Powder to your t-zone area. Set makeup with a setting spray such as Urban Decay All Nighter Setting Spray
